

YOUR CLIMATE DISCLOSURE PARTNER

A CDP Climate Change Consultancy Accredited Service Provider since 2023

Introducing TripleWin Advisory

A CDP Silver climate change consultancy and SME partner

Since 2018, TripleWin has built and implemented the tools to allow companies that are durably focused on climate change mitigation to achieve their ambitious sustainability goals. We exist to build stakeholder-centric, value-creating, net-zero companies. Our suite of consulting services supports every step of your company's climate journey, including CDP reporting and disclosure. TripleWin is a certified Women Enterprise Business (WEB) and public benefit company registered in the state of Oregon.

We are knowledgeable, customer-centric CDP reporting experts, supporting a diverse set of small- and medium-cap businesses, both privately-held and publicly-traded, on CDP's Full Corporate Questionnaire and more compact SME Questionnaire.

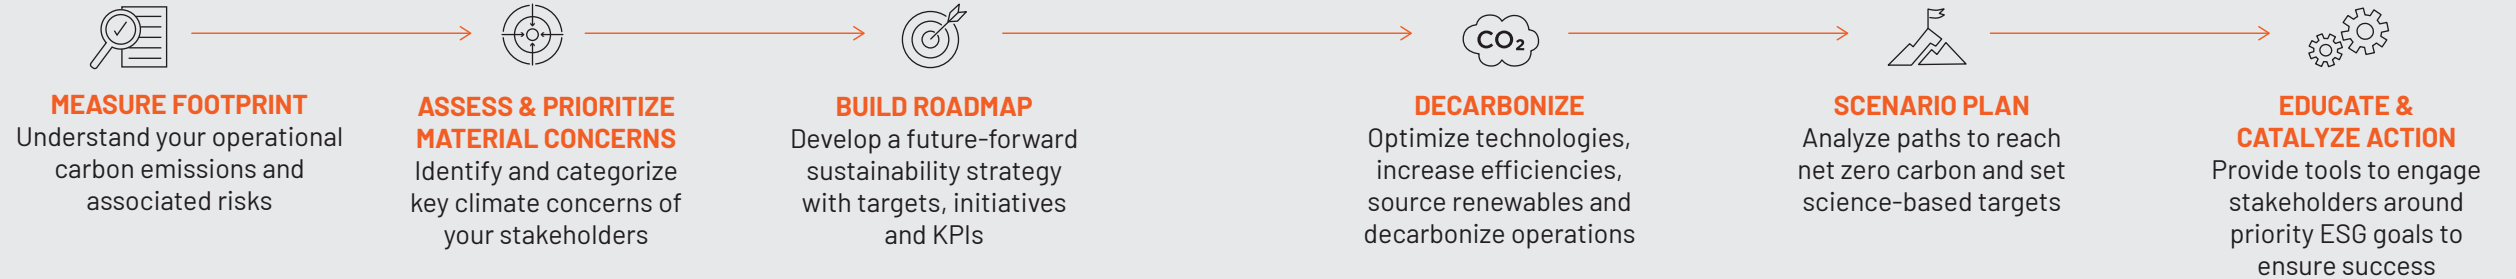

We look forward to working with you!

Your climate journey

From ambition to action, TripleWin offers a full suite of sustainability solutions to progress and meet your company's ESG goals and initiatives, including:

What our clients say

“Our engagement with TripleWin was bespoke. It was really hard to find strategic partners who really understood our needs. We spent a lot of time identifying the right partner and TripleWin met and exceeded our expectations. I am unsure if large consulting firms would have been able to support us.”

– **Mathew Joseph**, Sustainability Director
Kinnevik AB

“Working with TripleWin made for a smooth and informative reporting experience. Their diligence and readiness to assist whenever we had questions gave us confidence each step of the way. We look forward to continuing this partnership as we tackle future reporting requirements with their support.”

– **Jared Doud**,
Partner and Managing Manager
Ranger & Fox

“TripleWin’s work deliverables exceeded our expectations. Their knowledge and professionalism were key to keeping with our timeline, and the end product was better than expected.”

– **Amy Betts**, EVP, ESG
Umpqua Bank

Why choose TripleWin’s CDP services?

1 Experts in Data Literacy

Our expertise in carbon accounting paired with our knowledge of financial disclosures allows us to translate GHG protocol speak into insightful, impactful and understandable business language.

2 Hands-on Questionnaire Support

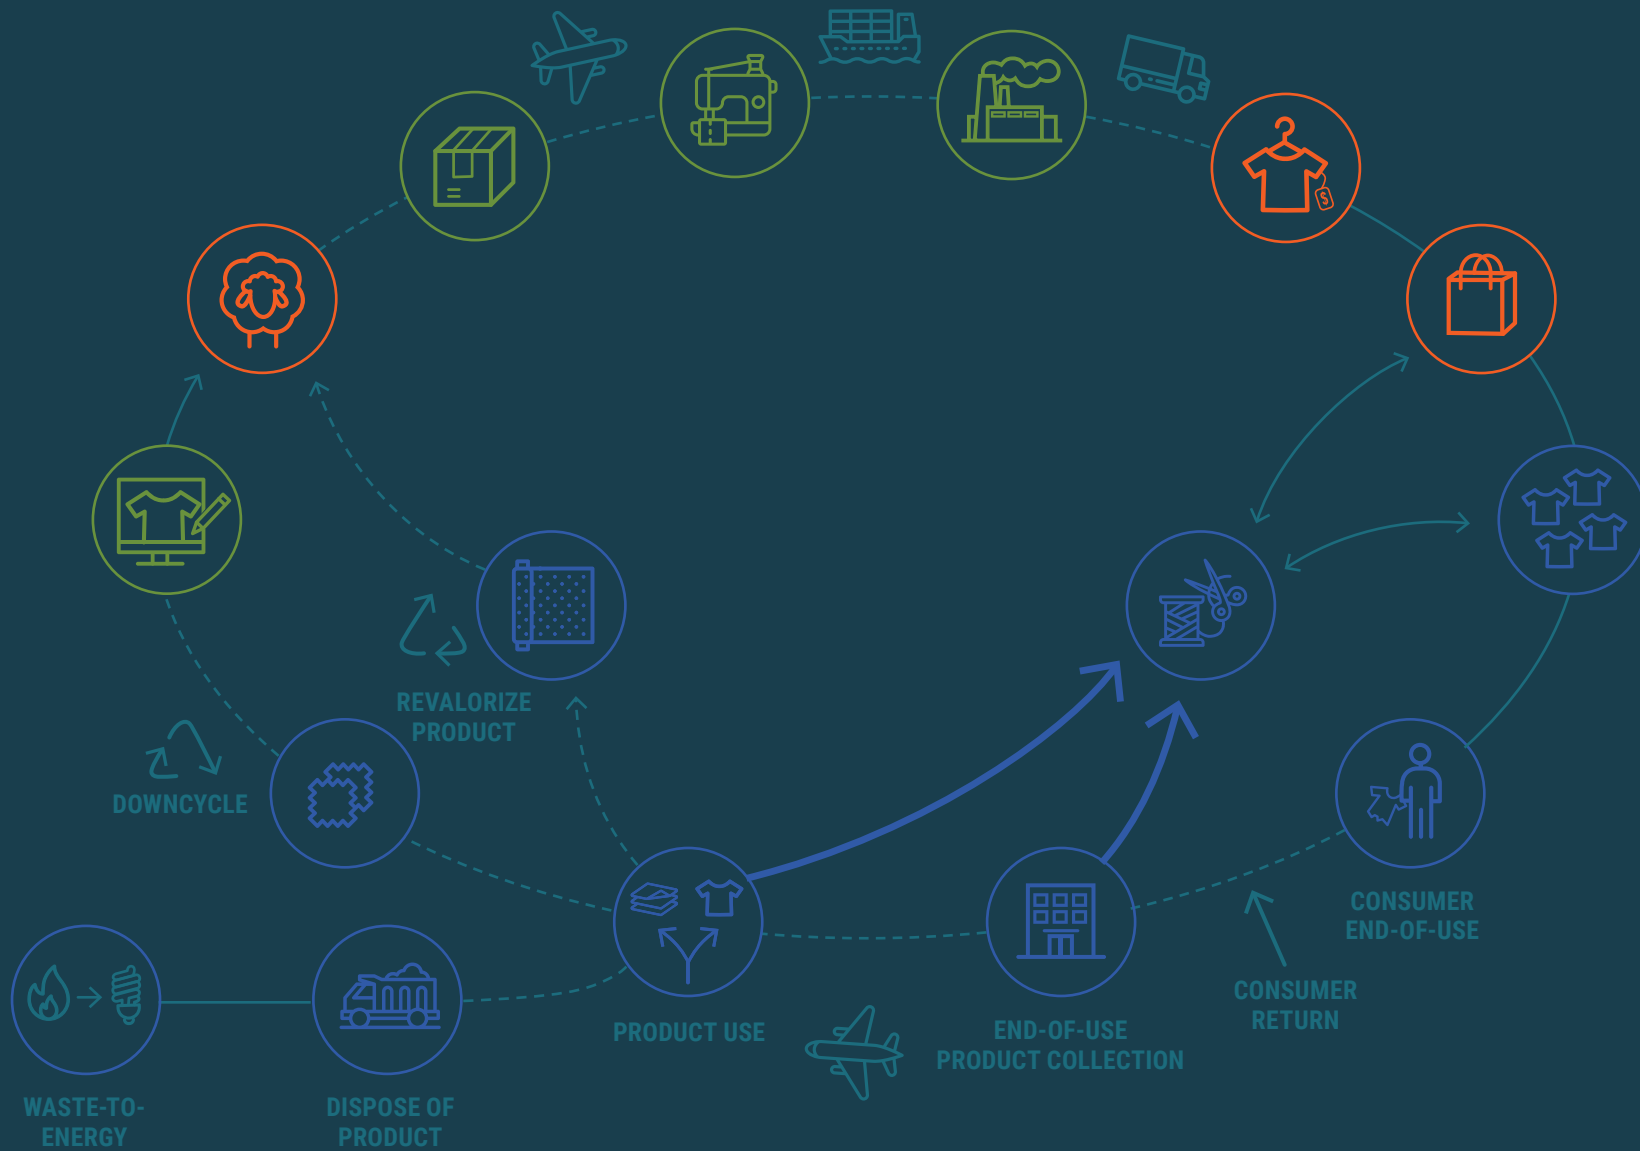

Our expert consultants will work with your internal team and use externally available information to prepare draft responses to material CDP questions, and then work collaboratively with you to finalize your submission. We also support the upload of your company’s responses into CDP’s Online Response System (ORS).

3 Run Scoring Simulation

In addition to developing your company’s response, we can apply the 2023 CDP scoring methodology to your submission and estimate your potential score range.

Work with our CDP disclosure experts. TripleWin has office locations in Portland, Oregon and Boston, Massachusetts with team members located across all U.S. time zones.

“We are delighted that TripleWin Advisory has joined us as a silver accredited climate change consultancy partner for U.S.-based companies. With their expertise in providing innovative solutions to companies seeking to mitigate their climate risk and achieve climate goals, we are confident that their services will be of great value to companies responding to CDP.”

– Paul Robins,
CDP’s Global Head of Partnerships
